Please stop HR 4026. I originally subscribed to XM radio as a way to listen to radio without the vulgarity and filth that is spewed forth by our local FM and AM radio stations. Now that these stations are being beaten in the marketplace they are now crying to the Congress for help. GIVE ME A BREAK!!!! And while you're at it, tell them to improve their product. Don't you guys and girls have better issues to deal with than a bunch of cry baby broadcasters? How about focusing on terrorism???
